

## Which Chapters of *Heinemann Chemistry 1* do we need to learn in preparation for Units 3 & 4?

1.1	1.2	1.3	1.4	1.5	2.1	2.2	2.3	2.4	3.1	3.2	3.3	3.4
4.1	4.2	4.3	4.4	5.1	5.2	5.3	6.1	6.2	6.3	6.4	7.1	7.2
7.3	7.4	7.5	7.6	8.1	8.2	8.3	8.4	8.5	8.6	8.7	9.1	9.2
9.3	10.1	10.2	10.3	10.4	11.1	11.2	12.1	12.2	13.1	13.2	14.1	14.2
14.3	14.4	15.1	15.2	15.3	16.1	16.2	16.3	16.4	16.5	16.6	16.7	17.1
17.2	17.3	18.1	18.2	19.1	19.2	19.3	19.4	19.5	20.1	20.2	20.3	21.1
21.2	21.3	21.4	21.5	21.6	21.7							

My favourite Year 11 VCE Chemistry book explains all the concepts you need to know for Units 1 & 2. If you're in Year 12 and you want to refresh your memory of the *essential* topics from last year's course, these are the chapters you should spend the most time reading. Skim the sections in red. Read and make notes on the sections in yellow. Study 100% of the sections in green because they are *assumed knowledge* in the Year 12 course. Good luck!

James Kennedy, Haileybury, Australia, 2015

Legend:	Skim read it	Read, make notes	Study 100% of it
	Skim read it	Read, make notes	Study 100% of it
